Cystic Fibrosis Foundation, GA Chapter

The Cystic Fibrosis Foundation is a nonprofit organization like no other. For decades, we have been taking major steps and pioneering new ways to find a cure for cystic fibrosis. And we have been successful. Along the way, we became one of the leading health care nonprofits in the United States, and the global leader in the search for a cure for cystic fibrosis. Nearly every CF drug and therapy available today was made possible because of CF Foundation support. We did this not only for the 30,000 people living in the United States with CF -- and the estimated 70,000 people worldwide -- but for the families who have worked tirelessly to find a cure for their loved ones living with CF. The mission of the Cystic Fibrosis Foundation is to cure cystic fibrosis and to provide all people with the disease the opportunity to lead full, productive lives by funding research and drug development, promoting individualized treatment and ensuring access to high-quality, specialized care. The Georgia Chapter predominately hosts fundraising events for the CF Foundation that include: Great Strides (5k walks), CF Cycle for Life, Peachtree Society and Battle for a Cure (young professional events), ShamRockin’ for Cure, Wish for Wendy (softball tournament) and Wine and Roses (black tie gala). The intern would spend the day learning about cystic fibrosis, the mission of the Foundation, the aforementioned special events and working with volunteers/committee members. Depending on the timing, the intern could attend an after hours committee meeting or event along with the staff.

State Farm – MAGnet Program | Location: Athens
---
State Farm is a Fortune 50 company that understands the value of analytics. As the largest domestic insurer for auto, home, and private life, State Farm's size enables it to amass more industry specific data than any competitor. State Farm strives to stay on the cutting edge of analytics by continually transforming its data into competitive advantage. This is achieved by an engaged analytics community that exists and operates in all departments such as Marketing, Claims, State Farm Bank, Systems, Actuarial, and Customer Experience. One opportunity for students with mathematics, statistics, or quantitative backgrounds is to experience the breadth of analytics at State Farm by applying for the Modeling and Analytics Graduate Network (MAGNet) internship in downtown Athens. The MAGNet program is a recruiting tool intended to provide graduate students with full-time employment upon graduation. Students in the MAGNet program at UGA gain real experience, earn real pay, and do real research by solving a wide variety of business problems presented by the many departments within State Farm. While participating in the program, students earn a competitive salary and have their full education related expenses (books, tuition, and fees) paid for by State Farm. MAGNet is just one example of the many opportunities that sets State Farm apart from other employers for both students and career seekers. Analytics related/analytics interested students from all majors.

Description: This is an opportunity to learn about analytics at State Farm and MAGNet from current MAGNet interns and full-time State Farm statisticians. **Zurich Insurance Group**

Zurich Insurance Group is a Swiss based global insurer operating in 170 countries with more than 60,000 employees. Our Commercial Insurance Property unit serves the domestic and international property insurance needs of large corporations. The intern will sit with underwriters and assistants to observe the underwriting process. Typical tasks include account setup and review, policy form analysis, rating, global program structure design, and miscellaneous account maintenance. Actuarial majors are not the best fit for this office since we do not support this function in Atlanta.
