

Employer Sponsorship Opportunities 2018-2019

Employers often ask us how they can increase their visibility with students and support the Career Center's efforts. As a result, we have identified the following sponsorship opportunities.

Career Fair Sponsorship

This is an opportunity for a company to significantly increase its campus visibility through a sole sponsorship of one of our career fairs. This sponsorship includes premiere career fair location with two tables, recognition in all of the advertising we create for each event in a sponsored by "Tag Line," including invitations e-mailed to students; as well as signage at the event.

Diversity & Inclusion Recruiting Event

This marquee event, held the morning of our Fall Career & Internship Fair, provides employers with the opportunity to network with UGA's top diverse students prior to the fair.

Diversity & Inclusion Networking Dinner at Maggiano's

During this first-class event, over 100 students travel to Atlanta with UGA Career Center staff to network and dine with participating employers. A dessert reception provides employers with an opportunity to connect with a large number of student participants.

Diversity & Inclusion Career Conference

This half-day conference held the evening prior to the Spring Career & Internship Fair, focuses on the career and professional development of diverse talent at UGA. With over 100 students in attendance, employer representatives have the opportunity to engage with students during sessions, dinner, and a networking fair.

Resume Critique Days

Special Resume Critique Days are held several days prior to the Fall Career & Internship Fair and Spring Career & Internship Fair to help students get ready for the career fair and the recruiting season. During the event, employers interact one-on-one with students and provide resume critiques using the UGA Career Center Student Career Guide. This sponsorship includes recognition in all of the advertising we create as well as signage at the event.
