

What can I do with a major in “International Business”?

The University of Georgia Career Center

Clark Howell Hall, 706-542-3375, www.career.uga.edu
Department of International Business, www.terry.uga.edu/ib

This information describes typical occupations and employment settings associated with this major. Understand some of these options may require additional training. Moreover, you are not limited to these options when choosing a possible career path.

Description of International Business

The Terry College of Business International Business Program gives its graduates a global competitive edge by providing opportunities for students to gain the knowledge and skills required to understand the mechanisms and institutions of the international economy. The curriculum gives students an in-depth understanding of the international business arena and the means of competing in a multi-cultural, global environment. Students are introduced to the international facets of economics, finance, information technology, law, management, or marketing. International Business students will complete one of the following: an approved, 3-hour study abroad program; an approved internship with an international component in a company doing global business; or two additional language-related courses in the student's selected language.
